Summary

A passionate Full-Stack Developer and Cybersecurity enthusiast with expertise in React.js, Node.js, MongoDB, and Express.js. Experienced in building dynamic web apps, integrating secure authentication systems (JWT, OAuth), and creating interactive UI using modern JavaScript frameworks. Skilled in project management and creative design – aiming to innovate and grow through impactful tech solutions.

Education Background

- Poornima College of Engineering, Jaipur, Rajasthan**
Bachelor's of Technology
 - PursuingOct. 2022 – Present
- Tilak Public School, Jaipur, Rajasthan**
Intermediate
 - Percentage 80.2%2022
- Tilak Public School, Jaipur, Rajasthan**
Matriculate
 - Percentage of 78%2020

Technical Skills

- Frontend:** React.js, HTML, CSS, JavaScript
- Backend:** Node.js, Express.js
- Database:** MongoDB
- Authentication:** JWT, OAuth
- Other:** Git, GitHub, Framer Motion

Internships

- Web Development Intern | Code Alpha (July 2023)**
 - Developed a Portfolio Website using React.js showcasing my projects and skills.
 - Built a Responsive Blog Website with HTML, CSS, and JavaScript, focusing on interactive design and smooth user experience.
 - Gained experience in frontend development and responsive design principles.
- Youth Ambassador | Viral Fission**
 - Performing assigned tasks and learning skills like social media marketing, team work and etc.
 - Participated in marketing campaigns for brand like Redbull India, Icici Bank, Engage and etc

Projects

- Movie Website**
 - I built a movie website from scratch using ReactJS.
- Portfolio Website (Aug 2024)**
 - Built a 3D Portfolio Website using React.js and React Three Fiber, showcasing live projects and achievements.
 - Integrated framer-motion for smooth animations and responsive design for seamless user experience.
- Obys Agency Clone**
 - I made a clone of obys agency website , by using HTML , CSS and JavaScript only and used locomotive , gsap animations and sheryJS in it.
- Hackathon Project**
 - Our team code crafters reimagined and recreated ISRO website , for Hackathon conducted by Sheryians Coding School

Strengths

- Teamwork
- Communication
- Project management
- Time management
- Critical thinking
- Self driven
- Action oriented

Achievements

- Built a Twitter clone — certified by Coding Ninjas for implementing real-time data flow and UI design.
- React JS Essentials — certified by LinkedIn Learning for mastering component-based architecture and state management.
- Hackathon — reached Round 3 in Reimagine Hackathon by Sheryians Coding School, recreating the ISRO website with modern UI/UX concepts.
